

CAREstream Medical - Exclusive Distributor and Service Centre for ACUTRONIC Neonatal and Jet Ventilation Products

CAREstream Medical is proud to be the exclusive distributor and service centre for ACUTRONIC Medical in Canada. This includes the **fabian** neonatal ventilators and non-invasive therapy devices and the **monsoon jet ventilation** products.

We distribute all ACUTRONIC products licensed in Canada and are the exclusive supplier for all non-licensed ACUTRONIC products that are approved under the Special Access Program.

CAREstream's Technical Service Manager, Lukhbir Kandola, has received factory training to service, repair and perform periodic maintenance on the **monsoon III adult jet ventilation** line as well as the **fabian** neonatal ventilation devices (**HFO**, **+nCPAP evolution and therapy evolution**).
