

KingBreathing Bags

anesthesia breathing bags

Rainbow Breathing Bags® shown

Comfortable. Gripable. Dependable.

King Breathing bags are available in a range of sizes for infants, children and adults and include latex-free, textured latex and latex options. In addition to pediatric anesthesia breathing bags, the Contour® breathing bags with an hourglass shape provide a better fit and grip.

Comfortable.

- Thin yet durable design.
- Five standard sizes offer a bag to fit any patient.
- The hourglass-shaped Contour breathing bag reduces hand fatigue.

Gripable.

- Tri-pleat design offers a better fit.
- Textured exterior surface available in five sizes for a no-slip grip.

Dependable.

- Thin and durable surface maximizes clinician feel and ability to assess patient lung activity.
- The hourglass-shaped Contour breathing bag efficiently delivers required gas volume.
